MARRIAGE LICENSES

John R. Lane of Brezewood and Nora C. College of Rays Cove.

Marvin Ritchey and Mildred L. McFarland both of Batesville.

"Zero Peck believes the best investment he ever made in his life was when he bought ten dollars a gallon and stored in his old cellar several gallons of good liquor. He says he never expects, should he care to sell any of it, to see it below par. However, he never intends to sell a drop of it. His wife has always been very free to tell him of all his bad investments, but she has never one time commended him for making this good one and now that he has one on hand, if she ever refers to any of his bad management and bad trades of the past he will call his attention to this liquor deal. He stated every dollar he had on this deal and every time he takes a drink it assures him that he has won."

The Postmaster at Pavia has just recovered from an attack of the flu. He has placed the blame for this uncalled for attack on a stranger who handed him a stamp and letter and had him lick it. He is sure the stranger was carrying the flu germ on the stamp. It is feared this may result in the Postmaster adopting the rule of making all patrons of the office lick their own stamps.

Some people can't keep out of debt and others can't get in to it. There are two sides to nearly every proposition.

GUFFEY FOR NATIONAL COMMITTEEMAN

Joseph F. Guffey's candidacy for Pennsylvania's place on the Democratic National Committee, to succeed Attorney General A. Mitchell Palmer, who has entered the race for the Presidential nomination, should appeal to all Democrats devoted to the progressive principles of democracy so ably presented by President Wilson. The Democratic party now faces one of the greatest tests; that of holding for the big principles of a better day. It has some reactionaries within it to fight just as it has to overcome the narrow and vicious partisanship of the standpat Republicans; men who are actuated by the petty things of selfishness rather than by the broad principles that make for progress and the good of the people generally. Mr. Guffey is one of the great body of Democrats that dares to follow the progressive lead of Wilson and stands uncompromisingly against retreat. He shows this in the opening statement of his announcement: "First and foremost, I unqualifiedly endorse the administration of President Wilson and the party's wonderful accomplishments under his leadership." That has the right ring to it. The record of the Democratic Party under the leadership of Wilson is unparalleled in the achievements of political organizations. It must always be presented by Democrats as a cause of pride and devotion. Only by so doing can the party prove its spirit and capacity for great things and go forward. It is, then, of the utmost importance that campaign leaders of the progressiveness and faithfulness of Mr. Guffey be selected for the defense and advancement of the principles of democracy. His knowledge of the political affairs of the state and the nation is wide; years ago he became the leader of the Democrats of Allegheny County and in 1916 was the party's active state chairman; from the entrance of Wilson into National politics, Mr. Guffey, always one of his admirers, has had an important place in the National councils of the party, and during the war was one of the Government's "dollar-a-year" men, directing the conservation of petroleum and gas resources. His wide business and political experience make him a well-rounded out man for the position he seeks.

Another of the important things that commend him in his pledges of support to Mr. Palmer's candidacy for the Presidential nomination, the attorney general, being unreservedly for the Wilson principles of democracy.

COW TESTERS COURSE

A special course beginning at 8:20 A. M. Tuesday, March 16, and ending on Friday, March 26, will be given by the Dairy Husbandry Department at State College to fit men for cow testing association positions. The laboratory fee will be \$3.00. Board and lodging will cost about \$8.00 a week. Therefore \$20.00 to \$25.00 should cover the necessary expenses of attending this course, aside from the railroad fare to State College and return.

The demand for testers has always been greater than the supply. The testers wage is \$75.00 per month, plus board and lodging. Bedford County already has one cow testing association and will likely have more. Other counties are looking for testers. For further information get in touch with the Bedford County Farm Bureau, Bedford, Pa. L. B. Mollenauer, County Agent.

Suffrage Wins in West Virginia.

The West Virginia legislature ratified the federal suffrage amendment late Wednesday afternoon. Final action on the amendment was taken by the senate in adopting the ratification resolution of the house of delegates by a vote of 15 to 14.

Suffrage needs two more states to adopt the amendment and it is no doubt that they will get them in a month or six weeks.

SEED CORN SITUATION

The seed corn situation this year is more serious than commonly supposed. Of the well selected corn shown at the State Show, Harrisburg 317 of the 334 exhibits were tested for germination. Only about one-third of these tested 100 per cent and some of the samples were absolutely dead.

It is reasonable to assume that this corn had more than usual care. Every wise farmer will test his corn for germination, unless it was artificially dried before freezing weather caught it.

In sounding this warning your Farm Bureau is prepared to assist you in such a test.

The old Army Versus the NEW DEMOCRATIC PEACE TIME ARMY.

by the Bedford Recruiting Sergeant.

Twenty years ago it was not necessary to advertise our recruits for the Army and it seems that young men in those days had a greater desire for travel and adventure. Wages were very low in those days but the Army did not offer anything very alluring in that line. A private's pay was just \$12.87 1-2 per month and promotion was so very slow that a man could not expect to reach even the grade of Corporal during his first enlistment, and there was a laundry bill to pay each month as well as a dozen or more things to buy that is given to a soldier to-day absolutely free. In those days it was impossible for a man to save five-hundred dollars during the first enlistment of his term. His salary was only about \$475 for three years. More than ninety percent of the men who enlisted were men who had volunteered for service during the Spanish American War and they would not accept a man unless he had a character at least very good on his discharge. Thousands of young men who volunteered for service during the Spanish American war and the Philippine insurrection endured many hardships such as going without rations except what they could forage, Cholera and Dysentery carried men off by hundreds and the death rate from disease was far greater than during the world war, but the tales those boys told were not of hardships but of the brighter things of army life. Many of them have passed away into that Great Beyond with never a word of criticism upon their faces and without a single regret that their lives had been shortened by exposure while defending a flag that has never known dishonor and for the land that had given them birth. In the old army a man could not choose his post or organization. He simply held up his right hand and took the oath and then was obliged to accept anything that the army had to offer, however a man could select his branch of service providing there was a vacancy in that branch. There was just two places that a man could expect to go, the Philippines or some post in the U. S. Today a man can choose any post in the U. S. that he desires or he can go to Alaska, Hawaii, China, the Philippines or the Canal Zone. Had an offer like this been made even three years ago men who had been following the army would have imagined themselves in Paradise. And \$30 per month would have looked like a small fortune. Lots of the young men to-day sneer when we tell them that they can get \$30 per month in the army while at the same time more than seventy five per cent do not have half of thirty dollars at the end of the month. The thirty dollars may not seem much of an inducement but the NEW DEMOCRATIC PEACE TIME ARMY offers something that will benefit a young man far more than money and that is a free education or a vocational training which will enable him to have far more than thirty dollars at the end of the month. In nearly all cases the ones who criticize the army the most are the ones who need an education or a vocational training. The ones who went to the army and who are now making a success in a civil occupation have always a good word for the army, and in many cases they will tell us that the army training was the greatest event of their whole life. In every war men are called upon to endure hardships, and anyone who goes to war and expects it to be anything like a summer outing will be disappointed. We realize that many of the young men who were called in the world war experienced many hardships, and saw all the bad points about the army, but there was some good points too, so let us forget those long hours of drill and the times when there was no sugar for the coffee, and think of how a certain nation had been planning for forty years for this war and how a certain emperor dreamed that some day he would rule the world. It is very fortunate that we had men who had been devoting their lives to the study of military problems and were thus enabled to handle a situation such as was forced upon us. The old army has passed away and to-day we have the NEW DEMOCRATIC PEACE TIME ARMY, the great university that will train our young men to be better citizens.

In a few years the states will give a free education to all young men in a vocational line. We predict that the time will be about three years hence since it took the states just about that time to follow the army liquor question. Hence any young man entering the army may have his education and be ready for civil life by the time the states get prepared.

MEETING AT COURT HOUSE

A public meeting will be held in the Court House on Monday at 1 P. M. at which time the plans of the Health Department for the organization of Bedford County will be discussed. The health of the County is of vital importance to every citizen and it is hoped by a properly conducted and systematic campaign to prove Sanitary Housing and all conditions that favor health. Committees will be appointed on School Education, Child Welfare, Housing, etc. Only 23 counties of the States are to be organized. Bedford County is one. We were at the head of the list in war work and should strive even more ardently for the health of our own community. To prove your interest in a work which will help you and the community at large, be present at the meeting.

PENNSYLVANIA SHOULD BE SOLID FOR PALMER

FOR PRESIDENT

The candidacy of Hon. A. Mitchell Palmer for the Democratic nomination for President of the United States has a strong appeal to the state pride of the people of Pennsylvania. Not since 1856, sixty four years ago, when James Buchanan was elected President, has any citizen of Pennsylvania come within hailing distance of even a nomination by either of the great parties for chief executive of this country.

This situation was due not to the fact that the Keystone State has not produced able men big enough for the presidential office but because of the overwhelming Republican majority in the state. Republican slate makers and Republican conventions could afford to pass Pennsylvania by because any Republican candidate from anywhere could carry the state. The Democrats would not listen to the claims of Pennsylvania because they deemed it a foregone conclusion that they could not carry it, and sought candidates in other states.

Where there were narrower margins of predominance and where the popularity of candidates might win doubtful electors to the electoral college. So the merits of Pennsylvania statesmen have been overlooked.

Few men in this generation of Americans have so impressed themselves on the people of this country as Mr. Palmer. He is a many sided man, who has proven his versatility in the performance of various public duties. He is no watchful politician trimming his sails to meet the favoring wind. He performs his duty as he sees it and lets results care for themselves. In the office of alien property custodian through confronted by great difficulties and beset by powerful interests, he sets his face and allowed no guilty man to escape.

When shortly after his induction into the office of attorney general an attack was made upon his own life on account of his persecution of the "Reds" the incident did not turn him from his purpose. It only whetted his enthusiasm and stirred him to greater efforts than before.

The arguments put forward by the meat packers had no force with him. Standing stoutly by his guns he compelled them to make all the concessions that he could have won even if he were successful, of which there may be a doubt, after long and expensive litigation.

Let it be understood that Mr. Palmer's candidacy is not that of a favorite son, seeking to secure the delegates in his own state. Like most strong characters, he has made enemies. There are even Democrats in Pennsylvania who through envy and jealousy oppose him. It is in talking with men of influence, power from other states, whose hand are on the pulse of the people that one appreciates the hold that Mr. Palmer has upon the minds and the imagination of the people of this country.

It is not impossible, notwithstanding the large margin of Republican preponderance that a Democrat with the ability and the magnetism of Mr. Palmer may succeed in carrying even the state of Pennsylvania. Therefore it should be a matter of pride with Pennsylvania Democrats to send a unanimous delegation to support him at the San Francisco convention.

RESOLUTIONS OF RESPECT

Whereas Almighty God, in his infinite Wisdom has visited our Sunday School with death Monday February 9th, 1920, and seen fit to remove from our midst our much beloved sister, Miss May Brumbaugh.

Whereas in view of the loss, we have sustained in the deceased sister, and much greater loss sustained by her parents and those to whom she was nearest and dearest; and wherefore be it Resolved that in the death of our sister Miss Brumbaugh we are impressed with the uncertainty of this life, and would warn our Sabbath School members to be ready when called upon to assemble in the great Sabbath School above, where death shall invade our ranks no more. Resolved: That we tender to her parents and relatives our heartfelt sympathy and pray that they may be comforted in remembering that she has gone to meet with friends gone before and partake of those pleasures that are enjoyed in that temple not made with hands eternal in the heavens above. Resolved: That we respectfully commend them for consolation, to the Divine Power who doeth all things well. Resolved: That a copy of these resolutions be forwarded to the family of the deceased and spread upon the minutes of the Sunday School of which she was a member.

Her Sunday School teacher and Classmates:

Teacher: F. B. Colebaugh, Classmates, Mrs. Sue Hengst, Mrs. Elsie Pickett, Mrs. Margaret Cern, Mrs. Alvir Pickett, Miss Hattie Colebaugh.

PINCHOT STATE FORESTER

Gifford Pinchot is to be head of the forestry bureau of the State. Mr. Pinchot is from Pike County and was one of the chief foresters under the administration of Col. Theodore Roosevelt. The salary is \$6,000 a year but Pinchot doesn't need it. He is extremely wealthy. He succeeds Robert S. Conklin, of Lancaster County.

Even if you are satisfied to like things as they come, you always feel peeved when you find some one else has grabbed them first.

The fellow who has an ax to grind is always looking for a fellow to give him a good turn.—Poor Richard.

BEDFORD LODGE OF ODDFELLOWS MOVES

After a residence of seventy two years in the same room, Bedford Lodge No. 202 I. O. O. F., having sold its building has taken up its abode in the large third story room in the Ridenour Building.

While they have occupied the new room for three meeting nights, yet the real opening of the new home will be next Tuesday evening, March 16th, when the Grand Lodge Officers will hold a Special Meeting of the Grand Lodge of Pennsylvania at 7:30 o'clock. At this session all Past Grands of Bedford County are expected to be present, and such of them as have not received the Grand Lodge will have it conferred upon them. Immediately following this meeting will be the regular meeting of Bedford Lodge to which all Odd Fellows are privileged to attend. At this meeting the Grand Lodge Officers will hold a school of instruction. This is most interesting as well as instructive.

Bedford Lodge was instituted Oct. 15, 1846 in the Northwest corner room on the second floor of the Port Bedford Inn, then known as the Riddle House. After three years, she moved into the building she lately sold to J. M. Prosser. This building was then known as the Exchange Hotel and was built in 1808.

During her career, almost one thousand men have been taught the Fatherhood of God and the Brotherhood of Man, as exemplified in the three cardinal principles of the Order, Friendship, Love and Truth.

While she is old in years, yet she is young in spirit and in membership and will in the future as in the past be one of the most valuable assets of this community in moulding the lives of many, making them better citizens, better Christians, and along with her teachings has gone the practical help to those who were in distress, the orphan, the widow and him whose life was burdened with the ills and pains of this life. May her blessed ministrations ever continue through all time.

JAMES MORSE

James Morse, an old resident of Mann Township died Monday night of this week about 12 o'clock following a stroke of apoplexy. He was aged 75 years, one month and 27 days. He was the son of Philip Morse long since deceased and was united in marriage to Mary J. Meakle, of Monroe township who died a number of years ago and to which union were born the following children: George E. of Piney Creek; Mrs. McClellan Jay, of Piney Creek; John A. of Cumberland; Howard, of Pittsburgh; David S. of Bedford; Thomas, of El Paso, Texas; Perry, of Pittsburgh; Mrs. Edward Breakall, of Grafton, W. Va.; and Mrs. Robert Barkman of Piney Creek. He is also survived by John P. Morse, a brother of Piney Creek and Mrs. Mary May a sister, of Robinsonville.

The funeral will be held at the Fair View church on Sunday at 10 o'clock and interment will be made in the adjoining cemetery. The services will be in the hands of Rev. A. R. Garland.

Mr. Morse was a veteran of the civil war, served as Justice of the Peace of Mann Township for several years. He was the Democratic candidate for county Commissioner a number of years ago. He was a member of the Christian church and very highly respected citizen in that community.

RED CROSS NOTES

The regular monthly meeting of the Bedford County Chapter, A. R. C. was held in the Red Cross office Monday, March 8th.

Chairmen of the various departments reported a great amount of work done in February. Pneumonia Jackets and Surgical Dressings have been given out in large quantities. Three Nurses have been employed and have rendered great assistance and comfort in combating the influenza. Another nurse has been secured for this work this week. Eighty families have been visited by the Home Service Committee. Boxes of warm new clothing, including blankets, pillows, towels, quilts, complete layettes, and many needed comforts have been given out by the Woman's Committee. The Junior Red Cross has furnished a large number of new shoes for orphan children in the county also toys for sick children. The Red Cross is co-operating in every way possible with the tuberculosis work in the County.

Traits of the Grizzly.

The grizzly rarely hibernates, preferring to prowls the forests in the winter months. He is a meat eater, as well as being fond of honey, roots and eggs, and usually kills his own food. Two cubs come to the mother bear in her den among the rocks, and she is unusually courageous in defense of them.

Wear them all day— Your feet stay dry and comfortable

A new rubber shoe for farmers—the "U. S." Bootee

WHEN the ground is wet, and your job means a lot of walking, what do you wear on your feet?

Ordinary leather shoes get soaked and caked with mud in no time. What you need is something that will give you the *comfort* of a leather shoe, combined with the *protection* of a rubber boot.

Here at last is a shoe specially designed to meet this need—the U. S. Bootee. It's a water-tight lace *rubber shoe*—designed originally for miners, and now becoming popular with farmers everywhere.

Solid comfort all the time—that's what the light, pliable U. S. Bootee means for you. It fits smoothly over your sock like an ordinary shoe. It gives you perfect freedom of movement, yet in the wettest weather—over the muddiest ground—it keeps your feet *absolutely dry*.

Ask your dealer today to show you a pair of the new U. S. Bootees. Note their waterproof, smooth rubber surface—feel how pliable and comfortable they are—examine for yourself their wonderful built-to-wear construction. Every point of strain is heavily reinforced.

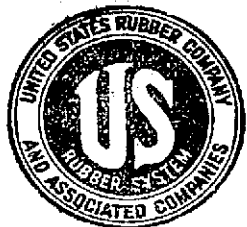

Look over the rest of your dealer's U. S. line—boots, rubbers, arctics—whichever you need.

Tough, heavy soles—special reinforcements at toe and heel—and always the highest quality rubber—these points are winning U. S. rubber footwear thousands of new friends every year.

Ask for U. S. rubber footwear—it means solid wear and long service for your money.

"U. S." BOOTS—made in all sizes and styles—the Knee, Half Hip, and Hip—in red, black, and white.

African Race Well Advanced.

The Wakumba, the leading Bantu tribe in Uganda, are the most highly civilized black race in Africa. They had a decimal system of calculation when first discovered by white men. They also understood iron working and had a considerable knowledge of music.

Persian Bread.

The Persian native bread today is very little different from that used a thousand years ago. The Persian oven is built of smooth masonry in the ground. The dough is formed into thin sheets about a foot long and two feet wide and slapped against the side of the oven. It bakes in a few minutes.

FOR twenty years the operations of The Bell Telephone Company of Pennsylvania have never afforded the owners of the property more than a reasonable return on a good, sound, conservative investment.

This is not a Company that has been marked by frenzied finance. On the contrary, there is not a drop of so-called water in our capitalization.

It has created no great fortunes.

Because the Company is big, many people think it has made "all sorts of money" and is still making it.

The fact is—as the published records show—that fancy dividends have always given way to good plant maintenance, adequate reserves against depreciation and common-sense stability of the business.

That's what good service depends on!

At the present time those essential elements are facing serious danger. There are not revenues enough to meet our necessities. And unless adequate rates are forthcoming, and quickly, the outcome is obvious—a service dangerously impaired and a property which, because of the uncertainty of continued returns, will not attract new capital for improvements and extensions.

FROM CHERRY-BLOSSOM LAND

The Japanese Give Good Example

It is a proverb of Cherry Blossom Land that beauty of face and figure depend on womanly health.

What is it that makes our American women often pale, sallow-faced, with dark circles under the eyes, and very often old at forty-five when they should be in their prime?

Women suffer in girlhood from backache, spine-ache and headaches, followed by irregularities and as a result diseases of the womanly organs are more common than any one but a physician in active practice could suppose.

After long experience in the treatment of women's diseases, Dr. Pierce evolved a vegetable tonic and corrective which he called Dr. Pierce's Favorite Prescription. This is a purely vegetable preparation, without a particle of alcohol contained in it.

When a woman complains of backache, dizziness or pain—when everything looks black before her eyes—a dragging feeling, or bearing-down, with nervousness, she should turn to this "temperance" herbal tonic. It can be obtained in almost every drugstore in the land and the ingredients are printed in plain English on the wrapper. This may be in solid or liquid form. Dr. Pierce, of Littleton, Colorado, Buffalo, N. Y., and elsewhere, is the author of the tonic.

Elms
No natural Gothic arch compares with that formed by two American elms, where their lofty jets of foliage shoot across each other's ascending curves, to intermingle their showery flakes of green. When one looks through a long double row of these, he beholds a temple not built with hands, fairer than any minster, with all its clustered stems and fluttering capitals, that ever grew in stone.—Holmes.

Original "Uncle Sam."
During the revolutionary war there was a man by the name of Samuel Wilson, who was engaged as an inspector of provisions. He was known by his friends as "Uncle Sam." In his work he stamped inspected goods "U. S.," which initials happened to stand for his nickname as well as his government. Thus the two became identical. Uncle Sam as an old man with whiskers was taken from Samuel Wilson.—Exchange.

CHEST CLOGGED UP WITH HEAVY COLD?

Don't give it a chance to "set in"—use Dr. King's New Discovery

THAT dangerous stage where a cold or cough or case of grippe might get the better of you may be nearer than you think. Prompt action with Dr. King's New Discovery will avert a long siege. For fifty years it has loosened congested chests, dissipated tight-packed phlegm, broken vicious colds and coughs. Given it to the youngsters—take it yourself. There will be no disagreeable after-effects. 60c. and \$1.20 a bottle. At your druggist's. Give it a trial.

Bowels Become Normal

—liver livens up, bile flows freely—headache, biliousness, tongue-fur, stomach-sourness, disappear when Dr. King's New Life Pills get in their natural, comfortable action.

Purgatives, never pleasantly corrective, sometimes habit-forming, should not be taken to rack the system violently. Nature's way is the way of Dr. King's New Life Pills—gently but firmly functioning the bowels, eliminating the intestine-clogging waste, and promoting the most gratifying results. Cleanse the system with them and know the boon of regular bowels. 25c. at all druggists.

DO YOU HAVE DIZZY SPELL

It's Important to Learn the Cause. As Many Bedford People Have

Dizziness is never a disease of itself—it's only a symptom of some deeper-seated trouble. Much dizziness is caused by disordered kidneys failing to filter all the poisons from the blood. These poisons attack the nerves and dizziness results. If you are subject to dizziness, there is good reason to suspect your kidneys, and if you suffer backache, headache, and irregularity of the kidney secretions, you have further proof. Many Bedford people have learned the value of Doan's Kidney Pills in just such cases. Read this Bedford resident's statement: Mrs. S. Delancy, W. Penn St., says: "Every time I have had any trouble with my kidneys I have used Doan's Kidney Pills and they have relieved me in a short time. Frequently I have had bad pains in my back and severe headaches and I would get so dizzy that the room would seem to be going around. At such times just one box of Doan's have driven the trouble away and I consider them a wonderful remedy for kidney complaint." Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Delancy had. Foster—Milburn Co., Mfrs., Buffalo, N. Y.

Imitation Eastern Carpets.

Carpets now sold as exact reproductions of rare eastern rugs are a tribute to modern art. Some of the most notable reproductions are those of the seventeenth century coronation carpet made for the shah of Persia, the Khorassan rug and the famous carpet manufactured for the Sheik Ismail.

Many people have written to the postoffice department at Washington to know if it is their duty to the United States government to read all the Congressional Records that are sent to them. If it is not they want to quit, as it will give them much more time for properly conducting their labors.

Ford

THE UNIVERSAL CAR

Buy your Ford car now while deliveries are possible. There is only a limited, specified number of Ford cars allotted to this territory. You will be wise to buy one now while we can get cars to deliver. A signed order with us is your protection.

Even our small allotment of Ford cars is not shipped us until we have bonafide orders for them. This is because the demand for Ford cars all over the country is greater than the supply or production. So, don't depend on spring delivery.

Only so many Ford cars will be shipped in to this territory; only so many will be able to get Ford cars. If you would be forehanded and plan ahead, you will have us deliver you a Ford car as soon as possible. Then you will have it to use whenever you want it.

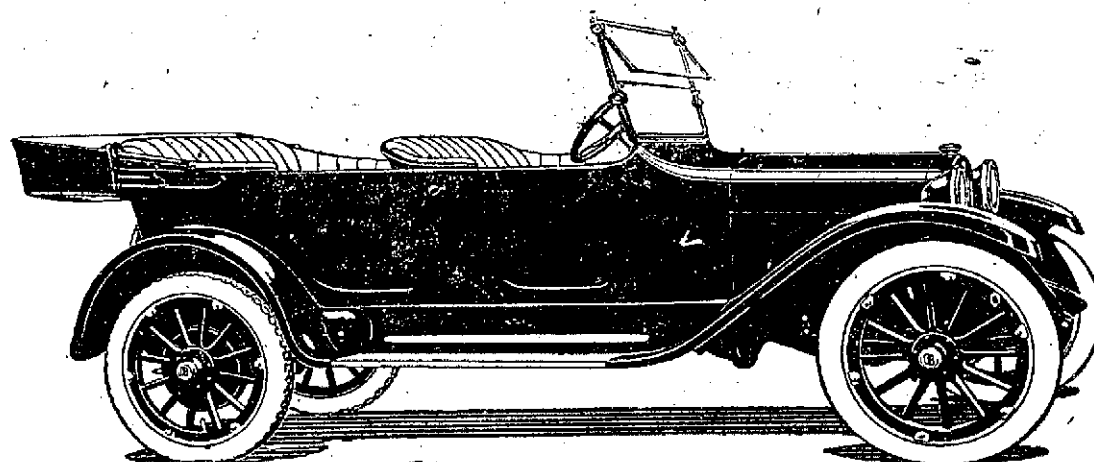

The Ford is an all year utility — in your home or business. Its serviceability, its ease of operation, its low cost of maintenance has made it such. It will serve you the year around. Spring and summer, autumn and winter, it is your servant; always ready to do your bidding.

INSIST ON GENUINE FORD PARTS

There is more joy among Republican partisans for one minor mistake in conducting the war than for all the glorious achievements that led to victory.

Army Cars Still Defying Floods

In a letter wrote to Dodge Brothers Detroit from Capt. John J. Devlin, Newport News, Two Government Water Projects the Big Bethel and Harwood Mills are located 12 and 17 miles from Newport News and are under directions of my office. Recently a storm which was called the worst in years swept this locality. During one period of 48 hours it was reported over 8 inches of rain fell and my presence was necessary at both these projects. Against the advice of everyone that knew the roads I took a Dodge Bro. Touring Car and was absolutely astonished at the ease with which it took four passengers on the worst roads I ever saw in France or America the water lay 12 to 18 inches over the road most of the way and I am satisfied that a horse could not have done the job as the Dodge Bro. Car did. Congratulations to you for making a real serviceable car.

Those who place their order now will be wise. They will have their cars to use whenever they need them, being a great demand for cars. They will be harder to get later. We can furnish you a Touring, Coupe, Commercial, Roadster, Sedan and Business Car.
